

BOY IS SHOT TO DEATH, HIS BROTHER SERIOUSLY WOUNDED; ACCIDENTAL, GUNMAN'S CLAIM

Son of Former Policeman Is Charged With Dual Crime Near Sodom Shops.

ONE BULLET STRIKES HEAD

William Burley, 14 years old, died instantly; Albert, 18 years old, is at Cottage Hospital with injuries. Perforated and probably dying.

One boy is dead and another seriously wounded as the result of a shooting on the banks of the Youngsboro river near Sodom shops, just below the Baltimore & Ohio railroad station, last night.

William Burley, 14 years old, is dead and his brother, Albert, 18 years old, is in a critical condition at the Cottage State hospital with a bullet wound in the abdomen.

Harry Halley, 16 years old, is in the jail here charged with the murder.

The shooting took place about 6 o'clock last night. According to the story told by Halley he was on the river bank shooting into the river with a rifle. He said he didn't see the two boys and had no intention of shooting them. He tearfully denied any connection with the murder this morning.

He is confined in a cell to await the arrival of County Detective John J. Smith.

At the hospital, Albert Burley said Halley intentionally shot him and his brother. In a statement to Dr. J. L. Cochran, the wounded boy said he and William were about 60 feet distant from Halley when he was shooting. He claimed he called Halley not to shoot in their direction and that Halley replied, "If I don't get you tonight I will get you some other time."

Then, according to Albert Burley, his brother was shot through the head and a second bullet hit him. The wounded youth says he does not know Halley. The bullet in Burley's abdomen caused serious internal injury and his recovery is doubtful. An operation was performed last night, but he was very low this morning.

The shooting attracted the attention of Baltimore & Ohio railroad men. They were called to the scene and a patrolman was sent to the hospital. His brother had been killed instantly.

The police were notified of the shooting about 6:30 when a man walked into the police station and asked if they had heard of the murder. A search was immediately begun for Halley, who had been seen leaving the vicinity of Sodom.

The officers went to his home but he had not been there. A single shot 22 rifle was found in the house, but his mother declared it had not been taken out during the day.

About 7 o'clock the police were told that Halley had been seen going to his home and the officers went there a second time and found him.

The shooting was done with a 22 caliber repeating rifle which Halley said he had just purchased a few days ago. He does not deny shooting into the river, but declares he did not shoot at the Burley boys.

Halley is a son of Mr. and Mrs. T. J. Halley. His father is a former police man of this city. The family once lived at Mount Pleasant.

Perry Burley, a coal miner, is the father of the two unfortunate youths. The family reside at Sodom.

The body of William was taken to the funeral parlors of J. L. Stader. Funeral services will be held at the home Sunday evening at 8:30 o'clock and on Monday morning at 8:25 the body will be shipped over the Baltimore & Ohio railroad to Hyndman for burial.

UNION SERVICE TO CLOSE

That is Prospect For Tomorrow in Revival in M. P. Church.

Sunday school night proved to be a wonderful night at the union revival at the Methodist Protestant church. It was the last night for Rev. and Mrs. Pollock. Rev. Pollock preached and Rev. Cairns led the singing. "Soul Restoration" was the theme. Fifteen or 20 responded to the altar call. Mr. and Mrs. Goodman of Pittsburgh will come for the evening service on Sunday. In all probability the revival will close tomorrow night. Over two hundred have vowed at the altar thus far.

Prayer meeting will be at 7 o'clock tonight, followed by the song service and preaching by Rev. Cairns. Regular services will be held Sunday morning in each of the three churches. There will be a mass meeting at 2:30 in the Methodist Protestant church, to be addressed by Rev. Cairns. Evangelistic service will be at 7 o'clock.

New Closing Hour. SMITHFIELD, Feb. 8.—Hereafter the postoffice will close at 7 o'clock in the evening. The mail arriving here at that hour will not be put up until the next morning.

Home of Furlough. F. Ray Metzger, a member of the Medical Corps, stationed at Camp Greene, N. C., is spending a 10-day furlough at the home of his parents, "The Hill," West Side.

USE OF AIR GUNS IN CITY TO COME UNDER STRICT BAN

Mayor Asks That Parents Carb Their Use, Promising That Police Will If They Do Not.

A crusade against boys having rifles is to be the direct follow-up of the shooting of William and Albert Burley yesterday by Harry Halley. Mayor John Duggan said this morning that everything which could be done to prevent a recurrence of the incident would be done.

"We will have to create some kind of a system to get after these boys who are shooting around the city," declared the mayor. "Their parents must cooperate in this. If they can't stop it we can. We can never tell when these things are liable to happen, and the only thing to do is to try to prevent a recurrence."

The mayor promises that any youth caught with a gun or rifle will be severely prosecuted. A number of boys in the city are owners of rifles and they are not only dangerous to the boys but also to others.

MOUNT PLEASANT MAN

Elected President of Pennsylvania Educational Association.

HARRISBURG, Feb. 8.—At yesterday's session of the directors department of the Pennsylvania Educational Association, Frank C. Barnhart of Mount Pleasant was elected president for the ensuing year.

In an address before the association Governor Sproul pledged his aid to the educational forces of the State. "The men and women who run the schools and who teach in this state," he said, "are going to have a very sympathetic friend in the governor's office."

Consolidation of rural schools, raising the minimum school term to at least eight months and a special appropriation of \$10,000,000 for increase of teachers' salaries were urged in resolutions passed at the closing session.

BUTTER AND EGGS DROP

Prices of 60 and 45 Cents, Respectively, Quoted Here.

Butter and eggs have taken another tumble. Creamery butter is now selling at 60 cents and country butter at 55 cents. Eggs, which not long ago were selling at 70 cents are now 45 cents.

According to a local grocer the market is continually falling and the time is thought to be not far off when we will be paying the prices paid before the war.

DEPORTATION OF ALL ALIENS WHO CLAIMED EXEMPTION IS URGED BY DRAFT OFFICIALS

A movement to have aliens who claimed exemption from service in the army on the ground that they were not citizens of the United States deported has been started by the Local Boards of Seattle, Washington, and letters have been written to local boards in all the states asking them to have the congressmen from their district take up the matter in Congress. The letter received by the local boards here reads in part:

"The exemption of aliens was the most exasperating experience of the boards. The action of such aliens was cowardly, disgraceful and unpatriotic. Every such person immediately branded himself as a dangerous and undesirable resident. This country nurtured and protected these ingrates. At the very first test, when this nation faced a crisis, these men were not willing to bear any burdens. For every alien exempted a good American boy had to go to the front. These aliens remained at home in ease and safety. They still retain good jobs

WINS SERVICE MEDAL

Newcomer Soldier, Wounded, Bravely Death to Rescue Another.

Washington press dispatches yesterday carried the announcement that Private Arthur Johnson of Newcomer had been awarded the Distinguished Service Cross by General Pershing for heroism in action near Mont-de-Sances, France, September 30. Private Johnson, a member of Headquarters Company, 370th Infantry, was acting as an ammunition carrier and although struck in the back and seriously injured with shell fragments he continued on duty.

While carrying ammunition he found a wounded man in an exposed position and regardless of his own wound, carried him under heavy shell fire to a first aid station, more than a kilometer away. He then returned to his work.

CASUALTY LIST DWINDLES; ERRORS ARE DISCOVERED

WASHINGTON, Feb. 8.—Last week's casualty report, showing more than 19,000 men of the expeditionary force missing in action has been corrected to make the total 7,781, General March said today.

General Pershing had reported the new total with the information that the figures were being reduced by from 100 to 200 names a day as a result of the checking of records.

General March said demobilization in the United States now was on "the home stretch." Up to yesterday a total of 67,033 officers and 1,033,812 men had been discharged, while the total ordered for discharge had reached 1,442,000.

Up to January 1, 236,834 men had been returned from France. The department estimates that 100,000 will be returned in February. This is an increase of 45,000 over the January total.

SAN FRANCISCO LABOR COUNCIL AGAINST STRIKE

Action of Leaders at Seattle in Ordering Walkout Declared Unfair.

CAR SERVICE IS RESUMED

Electrical Workers' Organization Declines to Sustain Men of That Organization Quitting Work; Bricklayers Prepare for Sympathetic Effort.

By Associated Press. SAN FRANCISCO, Feb. 8.—The San Francisco labor council, it was announced today, after a long debate refused last night to adopt a resolution under which local trade unionists would have refused to work on any job transferred to San Francisco from points where a strike was in progress.

Frank Miller, secretary of the San Francisco Iron Trades Council, said the strike at Seattle was unfair, that it was not sanctioned by an international union and charged the Seattle Metal Trades Council with a breach of faith. The rank and file of Seattle labor, he asserted, had been given no opportunity to be heard.

"SEATTLE, Wash., Feb. 8.—At 8 o'clock this morning no action had been taken by the strike committee representing 54,000 striking workmen on Mayor Hanson's declaration that unless the sympathetic strike was called off at 8 A. M. he would take steps to operate all essential industries under federal protection.

BUTTE, Mont., Feb. 8.—Following plans agreed to at a mass meeting held last night at the call of the local I. W. W. hundreds of striking miners, some of them armed, turned back men who started for work this morning with the result that mining in the district is practically suspended today.

TACOMA, Wash., Feb. 8.—Street car service was resumed in Tacoma at the regular hour this morning. So far as reported there has been no interference with cars.

SPRINGFIELD, Ill., Feb. 8.—J. P. Noonan, acting president of the International Brotherhood of Electrical Workers, with offices in this city, in a telegram today directed all electrical workers of his organization on sympathy strike at Seattle, Wash., to return to work.

WASHINGTON, Feb. 8.—John Golden, president of the United Textile Workers, telephoned Department of Labor officials today that the strike of textile workers in Lawrence, Mass., virtually was adjusted.

NEW YORK, Feb. 8.—All union bricklayers and hauling engineers employed in various cities throughout the country on contracts held by members of Building Trade Employers' Association of this city will be called on a sympathetic strike at 10 o'clock Monday morning in an attempt to force the demand of carpenters employed by the association for a \$1 a day increase in wages.

Second Time in Few Days Jail Sentence Is Imposed by Mayor. Beggers are not faring well in this city. Mayor Duggan recently sentenced a man to 30 days in the county jail and this morning Thomas Pendocet, arrested for begging, was given the same dose.

Harry McKeeys and Sam Keyes were given 12 hours. They were arrested on Water street where they had broken a window. One drunk got 48 hours.

MERCHANTS CANNOT CASH WAR SAVINGS STAMPS RECEIVED IN TRADE AT THE POSTOFFICES

Merchants and others throughout the country are of the opinion that they can take War Savings certificates or Thrift stamps in exchange for merchandise or cash and have them exchanged at post offices. The Postal Department has ruled against this and postmasters are not permitted to cash any of these bonds unless the purchaser presents them at the window for payment. The ruling of Third Assistant Postmaster General Dockery is as follows:

"In order that the interest of owners of War Savings certificates stamps of other series may be safeguarded, I hereby notify all persons to refrain from offers to buy War Savings Stamps or accept the same in trade. Postmasters are directed not to pay war savings certificates on which the names of the owners have not been entered or have been erased or changed, since, under the regulations, they are not transferable and are payable only to the original owners, except in case of death or disability."

GERMAN COMMERCIAL FLEET READY TO BE TURNED OVER TO THE ALLIED WAR COUNCIL

SERG. STILLWAGON, CORPORAL SLIGER HOME FROM FRANCE

Both Suffered Wounds in Battle; Robert E. Grim Here to Greet Friends After Trip Across.

Sergeant Wilbert M. Stillwagon, Company D, 110th Infantry, who was wounded near Chateau Thierry and later suffered worse hurt when the Germans bombed the hospital to which he had been removed, arrived yesterday at the home of his parents, Mr. and Mrs. John C. Stillwagon, in Edna street. Sergeant Stillwagon has been transferred to Parkview hospital, Pittsburgh. He is yet to undergo an operation for the removal of a finger mangled by a German shell.

Corporal Walter Sliger, also wounded in battle and a patient at Parkview arrived here Thursday for a visit with his mother, Mrs. Orpha J. Sliger of Patterson avenue. Corporal Sliger was wounded in the leg. He is able to walk with a cane. He will be home for several days.

Robert E. Grim, who went overseas shortly before the armistice was signed, has returned to his home here. Mr. Grim was overseas three months and 12 days. He did not get into the fighting but was close enough to the front to hear the big guns. He has been on this side of the Atlantic for three weeks.

Rugler Clark Emerick of Company C, 110th Infantry, Somerset, is among the overseas soldiers, who arrived yesterday at Parkview hospital, Pittsburgh.

LYNCHING THREATENED

Posses of Thousand Scouring Region About Sharon for Negro Slayers.

By Associated Press. SHARON, Feb. 8.—A posse of 1,000 persons was scouring the country in this vicinity today for two negroes who last night shot and killed Mrs. Stefano Derotta, 35, after robbing her grocery store at Petroleum, near here. The woman's two daughters, aged six and nine, who witnessed the shooting said one of the bandits held Mrs. Derotta while the other shot her through the heart.

Members of the posse today said they intended to "burn the negroes at a stake" if they captured them.

Delay in Final Step Due to Indecision As to Allotment Among Powers.

Council Holds in Abeyance Matter of Imposing Further Drastic Terms on the Teutonic Nation; Size of Army of Occupation Not Yet Determined.

By Associated Press. PARIS, Friday, Feb. 7.—Many important matters were before the supreme war council, comprising the council of the great powers and the military commanders on all fronts, when it met today to consider primarily the extension of the armistice with Germany which expires February 17. Although the final decision went over until tomorrow the session was interesting from the number of subjects demanding attention that were presented by the naval and military chiefs.

Reports were made to the council by the military high commands of the subjects demobilization and the relative forces of the powers to be maintained in the occupied regions. The Versailles military council also submitted a report as to the military forces available for the disturbed regions of Turkey.

The naval branch of the council presented recommendations formulated as the result of consultation among the British, French, Italian and American naval commanders, bearing fully on the turning over of the German submarines, blockade restrictions and the surrender of the German commercial fleet. This felt, it is stated, ready to be turned over but the Allies thus far have not agreed on the allotment of the steamers among the various Allied nations nor on the compensation for the use of vessels.

UNUSED MUNITIONS BROUGHT WAR'S END

GERMAN STAFF KNEW OUR PRODUCTION AND GAVE UP, SAYS FRANKLIN

Cleveland.—The war supplies that have been delivered and must be paid for but never used were what actually brought the war to the sudden end and to result earlier than had been expected, according to Lewis H. Franklin, director of the war loan organization for the United States.

LEWIS H. FRANKLIN, War Loan Director.

"These are the things for which we are going to pay with the Fifth and last Liberty Loan," Mr. Franklin explained at a meeting of Liberty Loan county chairman in this city.

"That is what I mean when I say that this money you are going to raise through the things already bought with the credit of this 'German' loan, the saving of a half a million American lives."

"The speed and bravery of the American 'dough-boy' affected the German on the front line more than it did the men at German general headquarters; but the fact that America had ten tons of mustard gas ready for shipment in 1918, to every ten that Germany had; the fact that we were going to have a tank on the front line for every 75 feet of the line in 1919; the fact that we would have thousands of batteries of guns where we did not have a single one in 1918; these facts had an influence on the German General Staff."

"And, far from that money, these millions and billions of dollars wasted in an unnecessary preparation, I feel that the fact that the money was spent and that that enormous output of munitions was ready, was the controlling factor in the weakening of the German General Staff, and that it caused their message to the Kaiser that they were beaten, and that he must see for peace. And the way I see it is that this money, instead of being wasted, can be written down as having saved the lives of hundreds of thousands of American men who would have been sacrificed had the war continued another year."

"I do not believe that we are going to be troubled with this loan. I look for at least 25,000,000 subscribers to the next loan."

"We must let the people of the United States know why there is a Fifth Loan, what the money went for, what it did, and that is the most important part of it, what it did. We must tell them that it brought back two or three or four or five hundred thousand safe, live American boys, instead of having them buried in France. And I cannot conceive of the American people failing to respond to that kind of an appeal."

HARVARD SHY OF NET STARS

Alexander Kirk is Only Veteran Player for Next Year's Team—Other Possibilities

Harvard will find difficulty in organizing a tennis team for next spring if present prospects indicate anything. Alexander K. Kirk, who played with red-managed team last season, is the only veteran left.

There are, however, several men from the 1921 team upon whom it is expected, will fall the task of keeping the college in the running for tennis honors next year. These are: Captain de Turenne, John Brooks, Fazio, Jr., the young Boston star, and Francis C. Hamilton, the former junior doubles champion of Nebraska, all of whom have announced their availability. Henry Shattuck and Gerald Canner, brother of the former intercollegiate champion, are also possibilities.

FAVORS CONNIE MACK'S PLAN

Bureau Dryness Would Do Away With Sale Players Except for the Waiver Price

Bureau Dryness says he is heartily in favor of Connie Mack's suggestion to do away with the sale of ball players except for the waiver price. He believes that if players are to be disposed of it should be preferably by trade, but that, at all events, no out-of-hand price should be paid for them. He asserts that more trouble has been caused by the publicity attending sensational deals in the past than by any other one thing in baseball, and for this reason is in favor of doing away with such transactions in the future. Mr. Dryness ought to know, for that O'Doule-Kelly deal sure never did help the Pirates a great sight, and it was one of the real big money deals ever pulled in baseball.

Sandlot baseball promises to play a big role the coming season. Some ambitious league plans are in the making.

Hugh Jennings does not believe that Ty Cobb seriously intends to quit baseball, as Ty intimated upon his return from France, nor does he think Ty takes the "free agent" idea seriously.

That the French turf is anticipating a prosperous season next year is indicated by the advertisements in American papers announcing the conditions of a number of events that are to be run in that country.

Christy Mathewson has only recently recovered from an attack of influenza, according to Ty Cobb, who saw the Cincinnati manager in France recently.

The Tanks may go back to Macon for spring training after all. If the season opens May 1 Huggins figures he doesn't have to take his men as far South as Florida.

The outlook for next season's light harness racing events is very bright. Many new and all the old owners and trainers are getting anxious to hear about the early closing events.

To the Wounded

THIS is our homage when you pass by. Not the cross, pitying stare you dread, but this—Averted eyes, and conquered tears, and pangs Of helpless love. You do not know how brave We also are, not stretching out our hands, Madened with pity, to the stranger's face. That whitely pass on, needing us so much!

Oh, boy with deep bright eyes and crippled foot. Oh, soldier with the face made old with war. We promise you, by every wound you bear, A nation's homage and a nation's help, And all its grateful hearts, your eager friends! Sulamith Ish-Kishor, in The New York Times.

SENIOR NOTES.

(By Chas. A. Sheetz.)

This column in the previous issue was filled with news from the Senior Class. The larger part of it was reported by the academic section. We have had success so far but we don't want this column to be filled by the academic students only, but also by the commercial sections. Many things of some importance happen in the commercial sections which are not even reported to the editor. If anything of note happens it would be considered a favor if it were written down and handed to the reporter. It will be given the proper attention and thus a higher representation for the commercial may be had in this column.

Miss Brown who has been out of school for the past three weeks, is able to be with us again. She resumed her work last Monday.

Russell Darnell has quit parting his hair in the middle. He says the girls pay too much attention to him.

Last Sunday Mr. Bode and Mr. Haveland were enjoying a spin in the latter's automobile. Mr. Bode asked, "What's the matter Earl? Can't you go any faster?" "Yes, but who is going to bring the car home," came the reply.

John Moore—"Say, Red, I thought you took Senior English last year?" George Struble—"I did but the teacher gave me an excuse."

The remark made by the Juniors about the Senior girls wearing their hair down their backs has roused some to a point of fury. They persist in saying that there are so many small girls in the Junior class who still have their childhood customs that they don't know what it is to be old and long for their young days again.

The Hotel Henry in Pittsburg isn't so large a place after all. On a recent trip of the basketball team representatives of the High School slept in two beds which were pushed together. They say that they all slept well that night except Russell Darnell who had the pleasure of sleeping on the two side-boards of the beds and was without covers the greater part of the night.

What is so rare as a day in June? As a one a Senior's English report card.

SOME IMPOSSIBILITIES.

Mary Turvey planning over Gladys Lagan's shoulder.
Paul Gantz missing an opportunity to ask questions.
"Ed" Keagy without his "Doublemint" in the afternoon.
Martha Kaufman with her mouth closed.

SENIOR NOTES.

(By Esther Muir.)

On account of the illness of Ruth Clark, reporter for the class, her assignment, Esther Muir, is taking care of the Sophomore notes.

The Sophomore Camp Fire Girls are having a meeting of the camp next week.

We are very sorry to know that one of our teachers, Miss Deitchon, was called away on account of the death of her brother.

The Sophomore Literary society is reported as having good success with its meetings. They have had a large attendance several times.

When the flu has almost left us, another epidemic which affects the front of the hair very severely makes its appearance. The name of this serious malady is "hangs." Carolyn Tennant and Leona Beer are among the first victims. It is reported as having spread from the Junior class.

The Sophomore girls basketball team has at last shown its basketball ability by defeating the combined teams of Freshmen Juniors and Seniors.

Miss McLeod the French teacher is in the habit of saying, "Fermes la porte si vous plait, Sadié." (Please close the door, Sadié.) One day Miss McLeod gave the French command for Sadié to begin to translate Sadié who was studying her Algebra, heard only the "si vous plait Sadié" and thinking that it was the usual command got up and closed the door much to the amusement of the class.

Esther Muir says to Helen Morris, "Do you expect to pass Algebra this year?" Helen—"No I don't even expect to catch up with it."

Miss Donnelly in an endeavor to explain the process of cutting a waist came across the room to one of the girls and said "Hand me your back first, please."

Card of Thanks.

Mrs. Elizabeth Herbert of Dawson takes this means of extending her sincere thanks to all those who so kindly aided her during the illness and death of her husband, the late George Herbert. Especially does she thank all those who sent floral tributes. Mrs. Elizabeth Herbert.

DEVOTED TO THE INTERESTS OF THE STUDENTS

We are now finally but surely on our way with the Tiger for 1918. After such a promising start we feel sure of a constant success. Beginning with the new year conditions seem to be just right and C. H. S. has begun to boom once more.

Many students and, no doubt, a good many others thought that the Tiger would be published in magazine form this year. We have lately however had a new side of the student publication question brought before us, and it came in the form of the paper you are now reading, the C. H. S. Tiger. A school magazine, no doubt, serves as a fine decoration for the library table at home, but we are decidedly in favor of our present method of publishing student events.

In the first place this does not cost the school a cent and in addition we get the expert advice of The Courier staff. Again the Tiger appears once a week on each Saturday, and sums up all the student activities for the week. This makes four issues a month, while a magazine is published only once during that time and necessarily contains news that is not as new and up to date as a weekly paper. Each issue of the Tiger can be clipped from The Courier each week. If they are all placed together in a book or folio it would make a collection of High School activities year by year that cannot be eclipsed by any magazine.

A magazine would only circulate among the students, with a few possible outside copies and the printing and mailing would entail a great expense. As it is now the Tiger has a circulation of nearly 7,000 copies each time it is published, and the people at large also get the benefit of reading it. Almost all the graduates of the Connelville High School who are now away at colleges and universities get the newspaper and nothing proves more welcome to them each week (instead of each month) than their own High School paper. While we realize the value of a magazine to the school we could not help giving you our opinion that the Tiger as it is is superior.

"Eddie" Wall, the popular basketball referee gave a short talk to the students of the High School during the intermission of the basketball game between West Newton and C. H. S. last Saturday. Mr. Wall told the students that Connelville was known as one of the best and cleanest sports centers in Western Pennsylvania. He also pointed out the advantages of High School students keeping up their school by good clean athletics.

During the intermission several school songs were sung by the students under the direction of E. W. Haveland, musical instructor in the high school.

The days of miracles may have passed but not for C. H. S. One of the greatest events, one that will probably go down in the annals of the school history for a long time to come, happened last Saturday during the basketball game.

The game was with West Newton and the first half had just ended in a burst of excitement and the score stood 18-20 in favor of C. H. S.

Suddenly the students began singing "The Orange and the Black" and Principal Smith in his enthusiasm and joy over such a fine score actually sang a whole stanza of our well-known school song.

Quite an attractive display of posters describing the advantages of Latin to the high school students has been placed on display in Room 8 under the supervision of Miss La Verne Delin, Latin teacher in the High School. The posters are interesting and educational and students should avail themselves of this opportunity and make a visit to Miss Delin's room.

As a result of the change in the chapel hour Principal Smith announces a decidedly large increase in the attendance. The new plan seems to be working to perfection.

The final examinations for the first semester work will be held in about two weeks. Many of the classes have already begun reviewing. Exemption marks for this year will be watched more closely than heretofore as the school year has been broken up so often that the teachers have not been able to judge as accurately as usual whether the pupils are eligible to pass or not.

A new basketball star has appeared in the field and from all indications of his floor work he will soon put in an application for a place on the C. H. S. team. His name is Lloyd Bode. Yes, he is the son of physical instructor Fred H. Bode, and even though he is only 19 months of age he will certainly follow in the footsteps of his dad. The other evening after a basketball game he was demonstrating a few fancy shots to his father and although the ball was almost as big as himself he managed to give it a fair test. We presume however that he forgot he was not in gym shoes for the reaction of the throw unbalanced him and he sat down with a bump.

JUNIOR NOTES.

(By Earl Leuch.)

Miss Baker's whistling assembly surely is a No. 1 when it comes to buying tickets. Twenty-five of the twenty-seven students bought them. Now if every assembly would come to the front in this manner perhaps Mr. Smith would rest somewhat easier as to expense.

Horace Greeley said "Go West, Young Man." Go West! Ralph Herwick says "Go South, Young Man." Go South! His motto is "See America from a Box Car."

A surprise announcement by Miss Hanna, Room 42 is comfortable. Be ready to work two minutes after bell rings.

Miss Hannan did not realize what she was giving away the other day. She gave Adeline a piece of chewing gum for an eraser.

To know if Paul McDonald likes Spring(er) better than winter.

We wonder whether Bill Allen and Gladys Hauck still play house together with their dolls as they say they did when they were quite young.

We wonder why Miss Armstrong doesn't loaf in the gym any more. And if you must ask her the reason be sure to stand at least 10 feet away when doing so.

Mr. Polk—"Elizabeth why do you talk so much?"

Elizabeth—"Because the dentist said practicing the jaw movement would make me forget my toothache."

If you wish to know anything more than Mr. Polk can tell you on the physics ask "Jim" McConnell. He is an authority on the subject.

We understand the real reason why Frank McGill comes to C. H. S. is that he likes the girls here better than those in Dunbar township. Quite a compliment Frank.

Perhaps the school board knew what beautiful valentines could be made from the red tablet covers. Ask "Jim" McConnell if he hearts made from them are not pretty.—(Contributed by Kathryn Liet.)

FRESHMEN NOTES.

(By Elizabeth Kenner.)

The Freshmen basketball team has not been heard from lately. As we remember the last game they played ended in a defeat and a victory for the Sophomores, though the score was very nearly even. One defeat is not enough to make us down hearted and we hope to have a list of victories as long as those of the other classes.

Miss Martha Deitchon, English teacher, has been called away on account of the death of her brother who died in a New York hospital from influenza.

The Freshmen do not have a literary society. Our class can boast of quite a few students who have some talent and who would be willing to help such an enterprise along. We also feel sure that there would be quite a large attendance at these meetings. Why not get together and boost such a society?

Has anything of interest happened in your section during the past week? If so, why not write it up for our column? The Freshmen had an excellent column of news last week and we don't want our part of the paper to contain any fewer news items than the other classes. This will happen, however, if we do not work hard.

Miss Van Buskirk is a jolly good person. At least Section B of the Freshmen class thinks so. We wonder what the reason is?

Louis Zimmerman—"Why is the Tiger's coat always so sleek and smooth?"

Lula Enos—"I'm sure I don't know why."

Louis—"Because he is sent to press every Saturday."

FIRST AND SECOND YEARS.

(By Richard K. Dixon.)

Through an error that occurred somehow in the assembling of the Tiger last week our column was headed Seventh and Eighth Grades. This should have been and will continue in the future to be First and Second Year. We have been taken into the High School now and we feel that we must hold up our name with the rest of the classes.

Probably our items are a little light and poetical this week yet. We have not been able to find anything so deep and long as the other classes. We are like to hear a good joke or story on our neighbor and a little amusement will probably cheer more than one person this week.

Miss Berg who has been ill with pneumonia returned to her classes Monday.

Bode has the muscle, and Haveland has the voice. Adams has the hustle. Now which is your choice?

Teacher—"What are the three parts of a sentence?"

Pupil—"A dark cell bread and water."

Robert to James Sheetz—"Say Sheetz where are the pillows?"

Susanne Lyon has on each cheek The cutest little dimple, But she bangs on her forehead Make her look quite simple.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid and is a noted ailment. The kidneys filter this acid from the blood and pass it on to the bladder where it often remains to irritate and inflame causing a burning scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread the water passes sometimes with a scalding sensation and is very profuse again there is difficulty in voiding it.

Bladder weakness most often calls it, because they can't control urination. While it is extremely annoying and sometimes very painful this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive harmless and is made from the acid of grapes and lemon juice combined with lithia and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant effervescent lithia-water drink which quickly relieves bladder trouble.—Adv.

BEEHIVE OVENS STILL LEAD BY-PRODUCT IN PRODUCTION OF COKE

Latter Down to 558,876 Tons During Week of January 25, Or Only 54.6 Per Cent of Plant Capacity.

Comparison of totals in the estimates of coke production in the United States furnished by the United States Geological Survey for the week ending January 25, show that the beehive ovens are still retaining the lead which they assumed as the first of the month.

By-product production is reported at 558,876 net tons as compared with 559,208 net tons during the week ended January 18, and 366,208 net tons during the week ended January 18 and 366,208 net tons during the corresponding week of 1917. During the current week the ovens of the country were operated at 54.6 per cent of their full time capacity operating conditions remaining approximately the same as the week preceding.

Loss of capacity attributed to lack of market increased slightly in Massachusetts and Minnesota. In the former state approximately one half of the capacity is now lost on account of this lack of business.

Production of beehive coke for the week ended January 25 is estimated at 575,000 net tons on an increase of 18,000 net tons or three per cent over the week preceding and 73,000 net tons or 15 per cent over the same week of 1917.

The average production per working day for the current week is estimated at 96,000 net tons as compared with 83,000 during the week of January 25 of last year.

The operators in the Connelville, Greensburg and Latrobe districts reported combined production of 280,757 net tons of beehive coke and the operation of their plants at 74.6 per cent of their full time as compared with 76 per cent during the week of January 18. Considerable improvement occurred in labor conditions during the week.

Prefers Them Old. A Wood street business man dropped in upon a Smithfield street business man. "I see you don't object to hiring old men?" "No," said the Smithfield street man. "Why should I?" "Some employers seem to think that old men wouldn't do for business those days."

"Why not?" "Pace too fast, I guess."

"Well, I don't know about that. When they get too old to be interested in canoes, or mandolins, or fancy waistcoats, or horse races, I find 'em pretty good for work."

Hunting Bargains? You will find them in our ad columns.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets.

That's what thousands of stomach sufferers are doing now. Instead of taking laxatives or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

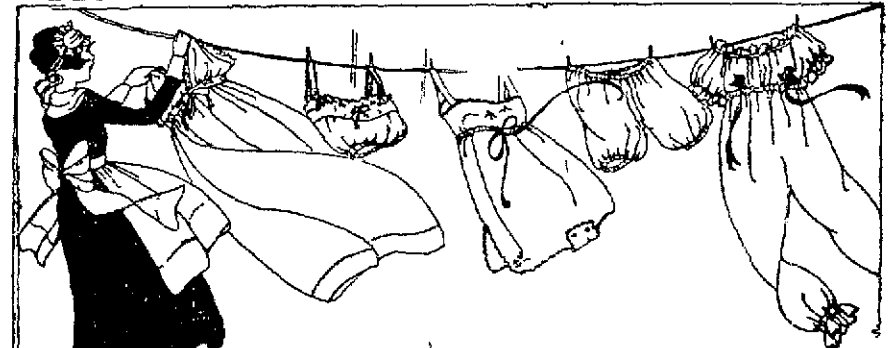

If you have a bad taste in your mouth, flat, gas, coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.
